

### Aligning My Career Goals with MDC

My interest ~~in~~with MDC lies in its slogan: "Listen, Think, and Deliver." I believe ~~that~~consider my undergraduate studies, which resulted in a ~~(Bachelor of Sciences~~ degree in Computer Science, and my current aspirations for a ~~(Masters in Information Management)~~ are perfectly aligned ~~with~~to the mission and purpose of ~~the~~ MDC Corporation. I strongly believe ~~that~~ my educational and work experiences, as well as my ~~and~~ personal ~~pedigree~~ achievements, will enable me to contribute a great deal ~~towards~~in each step of MDC's ~~company goal~~ to provide of "innovative solutions."

I have ~~taken on and~~ mastered the challenges ~~presented when seeking to~~of understanding what ~~clients~~ really want. A solid understanding of a client's specific case is essential ~~and~~ to making an effective decision that will ~~providing~~the client~~in~~ with exactly ~~exactly~~ what they ~~need~~need. ~~This~~My client relations experience ~~has~~comes from many demanding but successful projects I ~~championed~~ while ~~through~~working with the Department of Health and Humane Society in the ~~obsured~~. I have learned that ~~the~~ secret to success is to ~~by~~ listening ~~ing~~ very ~~inattentively~~ to the client's request ~~before~~ acting. ~~Learning to~~ Listening ~~and~~ be patient is extremely important ~~when doing business in~~ the USVI. Moreover, most customers have atypical needs and ~~usually~~no ~~thought~~concrete idea of how to get ~~these needs~~ resolved.

One project I worked on with the Department of Health was the Kids program, ~~which~~ was ~~(instituted~~organized to help children with a wide range of disabilities. My role ~~),~~ was to create a database that ~~would~~ be able to handle the growing and changing regularity requirements given to the agency by the ~~F~~federal ~~G~~Government. ~~At the time,~~
